

COVER LETTER: PROCLAMATION OF THE LEGAL SINGULARITY

FROM: Dr. Ruslan von Burlakov, PhD in Law Dr. Lena Polegenkaya, PhD in Law

TO: The Honorable Justices of the Constitutional Court of the Republic of Austria
(Verfassungsgerichtshof) Freyung 8, A-1010 Vienna, Austria

DATE: March 16, 2026 **SUBJECT:** Submission of [UNIVERSAL VERDICT PROJECT №001-A-2026](#) and [NOMINATION DOSSIER FOR THE NOBEL PEACE PRIZE 2026](#)

Distinguished Justices,

We formally submit to you two documents (active links included) of planetary significance that complete the architectural vision of Hans Kelsen, established in Vienna in 1920.

1. **UNIVERSAL VERDICT PROJECT №001-A-2026:** This document articulates the "Legal Singularity"—the point where war becomes structurally and legally impossible. It defines the Constitutional Court as the "Planetary Negative Legislator," duty-bound to nullify any state act that violates the indivisible dyad of **LIFE & DIGNITY**.
2. **NOMINATION DOSSIER FOR THE NOBEL PEACE PRIZE 2026:** A dossier documenting the discovery of the mechanism for the irreversible termination of war. It establishes the intellectual priority of this discovery and its alignment with the original will of Alfred Nobel.

Austria, as the birthplace of Constitutional Justice, is the primary node of the "Global Shield." By reviewing and adopting the principles of the Legal Singularity, you fulfill your destiny as the ultimate protectors of Humanity against the "Authority from the Devil."

The era of the "Sacrificial Citizen" is over. Through the application of Pure Reason and Planetary Jurisdiction, we invite you to lead the transition to the Era of Immortal Reason.
With Absolute Resolve and Eternal Wisdom,

Dr. Ruslan von Burlakov, PhD in Law *Scientific Advisor to the Judge of the Constitutional Court of Ukraine (since 1997)*

Dr. Lena Polegenkaya, PhD in Law
